- [American Society for Nanomedicine \(ASNM\) to hold international conference](#)

Nanowerk
The American Society for Nanomedicine (ASNM) is holding its second annual conference on October 14-16, 2010 in the Washington, D.C. area, where some of the biggest stakeholders in this emerging technology operate and practice.

- [K-State researchers find gene-silencing nanoparticles may put end to pesky summer pest](#)

Nanotechnology Now
23 Jul 2010 | 12:31 am
Summer just wouldn't be complete without mosquitoes nipping at exposed skin. Or would it? By Greg Tammen

- [Sugar-Coated Nanotubes Deliver High-Dose Radiotherapy](#)

Nano Tech Wire
Starting with simple carbon nanotubes, a team of researchers from the United Kingdom and Spain has developed a sugar-coated nanocapsule that can deliver large doses of radioactivity to tumors.

- [CRAIC Release New Software Package for Their Microscopes and Microspectrophotometers](#)

AZoNano.com
CRAIC Technologies, a leading manufacturer of UV-visible-NIR microspectrometers, today released the 64-bit version of its ImageUV imaging software package. This software is designed to collect, analyz...

- [American Society for Nanomedicine \(ASNM\) to hold international conference](#)

The American Society for Nanomedicine (ASNM) is holding its second annual conference on October 14-16, 2010 in the Washington, D.C. area, where some of the biggest stakeholders in this emerging technology operate and practice.

- [Researchers share nanotechnology knowledge at NanoFormulation2010 event](#)

The event brought together 17 research institutions including the University of Sydney, the University of Manchester, Bayer CropScience and the Indian Institute of Technology, Madras, to share their latest advances. 172 delegates attended the conference with 45 scientific posters displayed.

- [Nanomedicine researchers use nanoparticles as destructive beacons to zap tumors](#)

A group of researchers from Wake Forest University Baptist Medical Center is developing a way to treat cancer by using lasers to light up tiny nanoparticles and destroy tumors with the ensuing heat.

- [Simple way to separate nano-pollutants](#)

The Institute of Physical Chemistry of the Polish Academy of Sciences (IPC PAS) developed an innovative sewage treatment process allowing nanometric size pollutants to be separated.

- [Nanotechnology in food processing, packaging and safety](#)

This broad and practically oriented course has been put forward to meet the needs from industries to gain knowledge and understanding about current research going on in this expansive field.

- [Phenom Pro Suite](#)

23 Jul 2010 | 12:31 am

Phenom Pro Suite generates answers not just images

- [Nanotechnologies for the Energy Market 2009](#)

23 Jul 2010 | 12:31 am

Nanotechnologies for the Energy Market 2009, looks at whether nanotechnology has in fact had a huge impact on the energy sector. If so, in what way, and if not, why hasn't it?

- [Institute of Microelectronics and Stanford University to Develop Silicon Nanowire Based Circuits Inspired by the Brain](#)

23 Jul 2010 | 12:31 am

The Institute of Microelectronics (IME), a research institute of the Agency for Science, Technology and Research (A*STAR), today announced a collaborative partnership with Stanford University to devel...

- [The nanoschool gets real](#)

23 Jul 2010 | 12:31 am

As an undergrad at the University of Massachusetts, physics major Demetri Balabanov did research in condensed matter, an area he said has significant overlap with nanoscience. By Jonnelle Davis, St...
