#### 4 Israel Wants Missile Shield Money, JSF Tech To Not Block Saudi F-15 Sale

Defense Tech — Israeli Defense Minister Ehud Barak arrives in Washington, D.C., next week. And he's coming with a list of demands for U.S. defense officials. Topping that list: Israel wants money to build-out its multi-layered missile and rocket defense shield and it wants to get its hands on advanced technology from the Joint Strike Fighter program. If [...]

#### 4 Delayed time zero in photoemission: New record in time measurement accuracy

Science Daily — Physicists have discovered a time delay when using light pulses to emit electrons from atoms. Until now, it has been assumed that the electrons start moving out of the atom immediately after the impact of the photons. This delay is the shortest time interval measured to date.

#### 4 Pentagon Report Shows Huge Jump in IED Attacks in Afghanistan

Defense Tech — The chart above shows monthly IED "incidents," defined as IEDs placed by insurgents and either found or detonated, in Afghanistan from January 2004 to April this year. It comes from an alarming report from the Pentagon's Joint IED Defeat Organization (JIEDDO) that was provided to CSIS's Anthony Cordesman. The JIEDDO data shows an astounding jump [...]

#### 4 Actually New York Times, Military Has Said The Taliban Use IR-MANPADs

Defense Tech — The Washington news cycle will be dominated for the next few days by the Wikileaks document drop as the journalistic herd pores over the 92,000 mostly classified reports that went up on the Wikileaks site yesterday and provided to some media outlets weeks ago. Keep in mind, these are mostly tactical level SIGACT (significant action) [...]
